Outdoor Cats

Lisa's Cat Sitting cannot be held responsible for any loss, straying or injury to your cats outside of the house if they are an outdoor cat during the sit, it is therefore preferable that you keep your cats indoors for the duration of the sit for peace of mind and safety. Lisa's Cat Sitting understands that some cats prefer to have outdoor access, and, in that case, I will obviously do all I can to help your cat get home if they do go missing whilst you are absent

Vets

- Hopefully your cat will be well for the entire duration of the sit, but on the rare occasion that Lisa's Cat Sitting believes your cat is unwell we will immediately contact you on your provided emergency number to discuss the situation.
- Please ensure I know what Vets your cat is registered at to allow me to safely take your cat to its usual Vet if the need arises.

Signatures

I give Lisa's Cat Sitting (Lisa Gladden) permission to be a key holder to my property and to enter to care for my cats in my absence.
